SUMMARY

Enthusiastic and detail-oriented junior tech professional with a passion for problem-solving and continuous learning. Seeking an entry-level role where I can contribute to innovative projects and grow as a developer in a collaborative team environment.

WORK EXPERIENCE

Tech Associate Intern

June 2025 - present

Pixel In (Kanchipuram)

- Collaborated with a team of developers to build and test features for a React-based web app
- Fixed front-end bugs and improved UI responsiveness across mobile and desktop
- Used online repository for version control and daily stand-up contributions in sprints

EDUCATION

Bachelor of Science in Computer Science

2022-2025

Madras University,

84.6%

SSKV college of arts and science for women, Kanchipuram.

PROJECT

GROCERY WEBSITE

- Built a responsive grocery shopping web application using HTML, CSS, JavaScript, Tailwind Css, Bootstrap and Express.js for backend logic.
- Integrated MongoDB for product inventory and order storage, enabling efficient CRUD operations.
- Implemented key features like user authentication and product and order management.
- Followed UI/UX best practices to deliver a clean, intuitive user experience across devices.
- Providing a seamless and responsive shopping experience.

COOK BOOK

- Built a responsive recipe website using React.js, focusing on modular component architecture
- Designed interactive UI components for viewing, searching and preparation time
- Managed state using React hooks (useState, useEffect) for dynamic recipe display and UI responsiveness.
- Ensured smooth UX with client-side routing via React Router, supporting seamless page transitions
- Followed UI/UX principles, including visual hierarchy and accessibility, to enhance engagement

WORKSHOP

SRM Institute of Science and Technology,

- Role of rust language in Blockchain Development.

Livewire

- Data Analytics

CERTIFICATES

NPTEL[MHRD]

- Introduction of Machine Learning

LIVEWIRE

- Full stack in MERN

GREAT LEARNING

- Machine Learning with python

SKILLS

Languages	:	Java script, Python
Markup Languages	:	HTML, CSS
Libraries & Frameworks	:	React.js, Bootstrap, Tailwind CSS
Databases	:	SQL, MongoDB
Server-side Languages	:	Node.js
UI/UX	:	Figma, Adobe XD, Canva
Vision Control	:	Github
